FIELD NO. HRS-4108

SOURCE

An official Costa Rican service.

- (Field Comment: The following report should be read in conjunction with TDCS-314/01096-68, HRS-4065 and CS-311/02024-68, HRS-4099, which reported that Fernando Melo Fontanills, a Cuban exile in Costa Rica, was serving as an intermediary in negotiations between Ludwig Starke Jimenez, a Costa Rican right-wing extremist, and Rolando Masierrer, a Cuban exile in the United States who was involved in plotting against the government of President Francois Duvalier of Haiti. The negotiations dealt with a plan whereby Starke would provide a staging area for an invasion of Haiti by Haitian and Cuban exiles under Masferrer's leadership. In return Masferrer, if successful, would subsequently support a move by Starke against the Costa Rican Government. Helo was reported to be planning a trip to New York on 21 February 1968 to talk with Masferrer and the latter's representative in the negotiations, Father Diego Madrigal Alvarez.)
- 2. When Melo returned to San Jose on 2 March after visiting New York City and Miami, Florida, he was detained and searched by security officials at the airport. Among Mclo's possessions the security officials found a letter, signed by Melo, addressed to Father Diego Madrigal, New York. The letter was dated 9 February 1968. It was typewritten on letterhead stationery of Rogelio B. Pinto Impresos. (Costa Bican Service Comment: Melo sells printing equipment and thus may have a business connection with the Pinto firm.)

- 3. Melo's letter acknowledged receipt of a cable from Madrigal; it then went on to state that "Rogelic obtained the visa" and now "the Haitian can come when he wishes." (Field Comment: Rogelio may be Rogelio Pinto. C5-311/02024-68 quoted Molo as saying that Starke had obtained a visa for Jacques Moringlane, a Haitian who would be the first of the Masferrer group to arrive in Costa Rica.) Kelo ther wrote that because nothing had been heard from Kadrigal since the latter's visit to Costa Rica "the friends here" had begun to believe that "everything has been a pipe dream of mine; that we neither are going to do anything nor have anything." Melo complained that Madrigat's silence appeared to have "lessened of months." the enthusiasm of this man of action and of rapid resolutions, who does not like to be made to waste his time." Yelo warned Madrigal that if the Masferrer group had not reached a decision to move ahead with the plan, it would be better for the Haitian not to come to Costa Rica. Welo also warned that if there were no Cubans participating in Masferrer's project, he, Melo, would not support it, since he was interested only in the Cubans' problems and not those of the Haitians. Melo informed Madrigal that he expected to arrive in New York on 18 Pebruary; he suggested that they discuss the subject in detail at that time.
- 4. On 4 March Melo again left San Jose for Miami. He told the Costa Rican security officials that he would be away from Costa Rica for a month.

A high-level member of the National Liberation Party (PLN) who has access to and the confidence of top leaders of his party. His strong identification with the PLN and the knowledge that his reporting will reach U.S. official circles probably cause him to present his reporting to the best advantage of the PLN. He has submitted reliable information during the past year, but he has been known to withhold pertinent information. He received the information from Daniel Oduber.

- 1. (Field Comment: TDCS-314/01096-68 reported that Ludwig Starke Jimenez, a right-wing extremist who is the leader of the security forces of the Movimiento Costa Rica Libre (MCRL), anti-Communist businessmen's group, had informed Daniel Oduber Quiros, of the National Liberation Party (PLM), that he was making plans and seeking support for a possible move against the Costa Rican Government in the event that it should appear to be in danger of passing into the hands of leftists. To that end Starke was negotiating with sympathetic groups outside of Costa Rica. He was in indirect contact with Rolando Masferrer, a Cuban exile involved in plotting against the Governments of Haiti and Cuba, through Fernando Hele Fontanilis, a Cuban exile in Costa Rica who was in touch with a priest associated with Masferrer.)
- 2. In mid-February Oduber said that he had contacted Helo, whom he had known for some time, in an effort to learn more about the negotiations between Starke and Masferrer, in which Melo had been acting as an intermediary. Melo said that the objective of the negotiations was to work out a plan whereby Haitian and Cuban exiles, with Starke's

cooperation, would use Costa Rican soil as a staging area for an invasion of Haiti, to overthrow President Francois Duvalier. If successful, Masferrer and his Haitian conorts would then supply funds and arrament to Starke for his projected move against the Trejos government.

- 3. Helo later informed Oduber that he was planning to go to New York City on 21 Pebruary, octensibly to visit members of his family. However, the true purpose of his visit is to talk with Masferrer and Father Diego Manuel Abilio Madrigal Alvarez, the priest who has represented Masferrer in the negotiations, through Melo, with Starke. Melo has been commissioned by Starke to ascertain the quantity and source of arms that the Masferrer group will make available to Starke if the group succeeds in overthrowing Duvalier. Melo also is to find out what other assistance the Masferrer group will provide to Starke, how many Haitian and Cuban exiles Masferrer will send to Costa Rica, and when they will arrive.
- 4. Melo said that a Costa Rican visa already has been obtained for Jacques Moringlane, a Haitian, who will be the first of the group of Haitian and Cuban exiles to come to Costa Rica to set up their staging area. Koringlane's visa was obtained by Starke through Rodrigo Arauz Bonilla, who until recently was the chief clerk (official Rayor) of the Ministry of Public Security.
- 5. (Field Comment; Melo has the reputation locally of being an inveterate intriguer and a braggart. Therefore, his veracity is open to question. It is possible that the infor-mation he has given to Oduber is to some extent exaggerated or distorted. It is also possible that Starke will find Helo to be a less than trustworthy intermediary,)
- 6. Field Dissen: State Army CIECSO ____ (Also sent ___ Managus and Port-su-Drince).
- 7. (Headquarters Connent: An official Costa Rican Service reported on 23 February 1968 that Fernando Melo Fontanils, left San Jose for Miami and New York on 21 February 1968 via LACSA 11 ght 620.)

THE LATTER WAS MOST SIGNIFICANT RESTRICTION AS IT RELATED DIRECTLY TO QUESTIONS INVOLVING CIA. U.S. ATTORNEY PUT FORTH MOTION, WHICH COURT GRANTED, WHICH REQUIRED THAT QUESTIONS TO WITNESSES ON CROSS-EXAMINATION WHICH MIGHT LEAD TO MENTION OF CIA BE ASKED AFTER JURY HAD LEFT COURTROOM.

- 5. LOCAL PRESS COVERAGE WAS LIGHT AND FACTUAL. PRESS SHOWED NO DESIRE TO EXPAND UPON OR INVESTIGATE ALLEGATIONS OF CIA CONNECTION. AS FAR AS WE HAVE BEEN ABLE TO DETERMINE, THERE WAS NO NATIONAL PRESS COVERAGE OF TRIAL. INTEREST IN TRIAL IN LOCAL CUBAN AND HAITIAN COMMUNITIES MINIMAL.
- 4. TRIAL REPRESENTS SETBACK FOR ROBERT K. BROWN. ONE OF HIS LOCAL HENCHMEN, MARTIN CASEY, WAS CONVICTED. ANOTHER OF HIS LOCAL MENCHMEN, RALPH EDENS, WAS PRESENT AS OBSERVER DURING ENTIRE TRIAL AND WAS OVERHEARD BY FERENCE MAKING ANTI-CIA REMARKS AND ALLEGATIONS IN CONSULTATION WITH DEFENDANT MARTIN CASEY AND DEFENSE COUNSEL NEGRETTI. NOTHING CAME OUT IN TRIAL THAT BROWN COULD FIND OF MUCH USE IN BOOK HE IS REPORTEDLY WRITING.
- THAT COULD PROVIDE ANY GRIST FOR JIM GARRISCH'S ANTI-CIA MILL

- 6. CASTRO GOT NOTHING OUT OF TRIAL EITHER. ITS

 VERDICT UNDERMINES HIS CONTENTION THAT U.S. GOVERNMENT

 IS CONTINUALLY AIDING AND ABETTING EXILES IN SUBVERSIVE EFFORT

 AGAINST CUBA.
- FAVORABLE OUTCOME TENDS TO UNDERMINE IN RETROSPECT ORIGINAL AGENCY ARGUMENTS AGAINST HOLDING IT IN FIRST PLACE. WE BELIEVE THAT OUR PREVENTIVE EFFORTS NEVERTHELESS SERVED VERY USEFUL PURPOSE--HAD DEPARTMENT OF JUSTICE NOT BEEN IMPRESSED WITH POTENTIAL SENSITIVITY OF THIS CASE FOR CIA, THEY WOULD PROBABLY NOT HAVE TAKEN CARE THEY DID IN PREPARING AND CONDUCTING IT.

 OUR OWN EXTENSIVE PREPARATION, OUR COOPERATIVE POSTURE WITH COURT AND CAREFUL BRIEFINGS OF THE U.S. ATTORNEY

 BY FERENCE ON ALL ASPECTS CONCERNING CIA ALL CONTRIBUTED GREATLY TO WHOLESOME CLIMATE IN WHICH TRIAL WAS CONDUCTED AND HELPED DEMORALIZE THE DEFENSE WHICH, IN ALL, DISPLAYED VERY LITTLE SKILL AND NOT MUCH OF THE FIENDISHNESS WE HAD EXPECTED.

HAD NO COMMENT. HOWEVER, MASFERRER LABELED IT A "POLITICAL

THE MAITIAN INVASION WOULD GET SOME MILITARY BACKING FROM THE
DOMINICAN REPUBLIC. THROUGHOUT THE SIX-DAY TRIAL, U.S.
ATTORNEY WILLIAM MEADOWS AND HIS ASSISTANT, LLOYD BATES, PUT
ON 38 WITHESSES. THE DEFENSE RESTED WITHOUT OPENING ARGUMENTS
AND WITHOUT CALLING A SINGLE WITHESS. THE ONLY DEFENSE OFFERED

DEVELOPMENTS AT TRIAL ON PAGE 12-A ENTITLED "DEFENSE MANEUVER STYNISD IN HAITIAN "INVASION" TRIAL". FOLLOWING ARE EXCERPTS MOST PERTINENT PASSAGES.

"A GOVERNMENT WITNESS IN MIAMI'S HAITIAN INVASION TRIAL WAS THE MAN WHO TIPPED THE U.S. TO THE RUSSIAN ROCKET BUILDUP IN CUBA, A DEFENSE ATTORNEY SAID TUESDAY.

"THE COMMENT BY GINO NEGRETTI WAS PART OF A DEFENSE MOVE TO TIE THE CIA INTO THE CONSPIRACY CHARGED IN AN INDICTMENT AGAINST SIX ANTI-CASTROITES IN FEDERAL COURT.

"HOWEVER, THE INFORMATION AND THE FACT THAT THE WITNESS, DAVID CABEZA COUPAU. 681 SW 11TH ST., ONCE WORKED FOR THE GIA NEVER REACHED THE JURY'S EARS.

TU. 8. ATTORNEY WILLIAM MEADOWS HAD BEATEN DOWN THE DEFENSE MANEUVER BEFORE IT GOT OFF THE GROUND. JUDGE TED CABOT AGREED WITH MEADOWS THAT THE DEFENSE WOULD HAVE TO OFFER SUPPORTING TESTINONY FOR ANY QUESTIONS INVOLVING THE CIA OUT OF

"BUT THE FACT THAT CABEZA, WHO NOW RUNS AN AMUSEMENT PARK IN MIAMI, HAD SEVERED HIS CONNECTIONS WITH THE CIA IN 1964 CAUSED CABOT TO TURN THUMBS DOWN ON FURTHER QUESTIONS.

"THE GOVERNMENT HAD ARGUED THAT THERE WAS NO EVIDENCE SHOWING THAT HE WORKED FOR THE FEDERAL AGENCY DURING THE TIME THE ALLEGED HAITI INVASION WAS BEING HATCHED IN LATE 1966.

"CAUOT ALSO RULED OUT ANY QUESTIONS ABOUT CONNECTIONS WITH THE CIA OF A BROTHER OF CABEZA.

CABEZA, ONE OF 25 WITHESSES THE GOVERNMENT EXPECTS TO CALL, TESTIFIED EARLIER THAT HZ HAD A ROLE IN THE INVASION...

ME SAID HE WAS TO ACT AS A PROPAGABOLIST IN THE STATES AND TELL THE PUBLIC THE ALK OF THE INVASION: A REVAMPING OF THE DUVALIER DICTATORSHIP AND MAKING HAITI A BASE FOR A CUBAN INVASION.

La OEA, como ha dicho valientemente el dirigente venezolano Carlos Andres Pérez, hace lo que mande Washington, y éste, al presente, baila al son de la balalaika.

Se trata, pues, de convenir en que nadie nos va a sacar las castañas del fuego. Y que nosotres, debemos pelear por nuestras libertades. Como lo hesaos hecho siempre: solos.

En Cuba ocurrirá una guerra únicamente cuando desde el destierro, llegue una fuerza armoda de decenas de miles de hombres. Y es evidente que Estados Unidos, por estas realidades de política mundial, no permitirá ja más que aquí se organice esta fuerza.

Pero los cubanos podemos conquistar, en alianza con luchodores democráticos de otros países, un santuario dande alistar ese ejército con aviones y tanques.

Castro no tiene más podería militar que el que mantenía España en Cuba en 1895-98. Y hoy, la emigración tiene más potencial humano y eccrómico y las posibilidades de adquirir armamentos en Europa y América son incomparablemente mayores que a fines del siglo pasado.

Este es el único camino para cumplir con nuestro deber y salvar nuestro hanor y escaparsos de los hospitales y los cementerios baja la nieve que son hoy la única a marga alternativa dei destierro.

Quien no la comprenda es un asno. Quien no tanto esta senda es un cobardo, no importa qué pretextos o argucias esgrima para ocultar su infomia y desvergüenza.

CUBANOS MALOS Y BUENOS

Igunos cubanos han sufrido el decomiso de sus armas, la prisión o la expulsión
de la Florida por intentar hacer llegar armas y municiones
a Cuba o por hacerle la guerra al bandido Castro en Néjico o el Canada. En cambio, otros, más afortunados,
se han hecho ricos o han gozado de una vida muelle en
sus trajines de luchadores
contra la tiranía.

Esto ha causado la división del destierro. A la vez que la corrupción y el escepticismo.

Si alguien quiere ganarse aleunos dólares, o ser incluie do en la nómina de la CIA o la Iduana, no tiene mis que delatar, meterse impúdicamente a chivato y suplán llasta se le autoriza a portar m arma. Pero si alguien

El alto nivel de vida de Estados Unidos, que absorbe a los desterrados cubanos en el disfrute de los bienes materiales de la sociedad americana, conspira contra el patriotismo y la abnegación que deben primar en el espíritu de la emigración. Jesús Fanjul, responsable militar del Municipi: de Holguin en el Exilio, ex-oficiol del ejército de Estados Unidos, graduado en una academia mili tar de este país, descendiente de muy respetable familia de nuestro término, ex-preso político en Cuba y una de los dirigentes de la abortada expedición a Haití, fue condenado a dos meses de prisión el pasodo miércoles.

Un periodista provocador y un ivez de esas que destilan adia discriminatoria contra las cubanas que no se vencen a la CIA ni a Castro, la mandaran por 50 días a la temible cárcel dei Candada, bajo la falsa acusación de haberle pegado al periodista que la retrataba cuando Fanjul y otros 70 cubanos anticomunistas se hallaban presos tras el fracaso del 3 de Enera en Cayo Maraton.

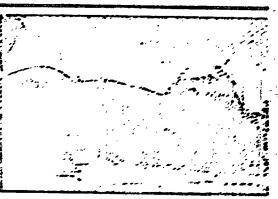

De noda valieron los numerosos testigos que afirmaron que Fanjul no fue quien le pegó al impertinente cínico. El juez y el reportero, que aparentemente goza de grandes influencias en la corte, donde ejerce de cronista judicial, se rejan burlonamente del condenado, en un adiaso abuso de poder.

En todo caso, estas riñas se penan con una pequeña multa. Ouizá con cinco días de arresto.

Fanjul tiene una esposa y una pequeña hija que chara tropiezan, amén de con la merma de sus ingresos, con la dificultad de trasladorse al trabaja y a la escuela.

PROCEMOS GANAR SOLOS LA GUERRA?

Yo creo que sí, pero ese no es el tema del artículo. Lo que sí creo es que los cubanos no estamos haciendo todo lo necesario para ganar. En efecto, podemos formar un ejército invasor de 25,000 cubanos bien adiestrados y apertrechados, adquiriendo armas, aviones y barcos para desembarcar por distintos puntos extratégicos, al mismo tiempo que la resistencia interna inicie en toda la isla una campaña de sabotaje que propicie el triunfo.

Eso lo podemos hacer sin la ayuda de nadie, nos bastan nuestros hombres y nuestro dinero.

Si para entonces, Rusia ha retirado sus tropas de la isla, el triunfo será clamoroso y rápido, pero de lo contrario, a la América Libre y a los Estados Unidos, no le quedará otra alternativa que apoyar nuestra guerra justa y necesaria.

Le iniciativa asumida por los propios cubanos, descarta la posibilidad de una guerra internacionol, que es el único valladar que hasta ahora, se ha opuesto a las determinaciones de la OEA y de Washington.

Se necesita mucho sacrificio por parte de los cubanos aptos para la guerra y de los adinerados, porque ellos son los que tienen que dar vida y hacienda par la independencia de la patria y la felicidad de los generaciones futuras.

Ambos sacrificios están acreditados por nuestros antepasados: Carlos Manuel de Céspedes, Antonio Meceo. Francisco V. Aguilera, Ignacio Agramonte, y un pueblo entero, Bayamo, y otro pueblo, Guáimaro, ardieron para iluminar el camino de la libertad, a la par que infinidad de cubanos ofrendaron vidos y fortunas en aras de la independencia.

Estamos incurriendo en las mismas privaciones, en identicos socrificios, en iguales inmolaciones y ejemplos nobles, porque estamos defendiendo la misma causa sagrada.

Hay que hacer conciencia de guerra, conciencia de sacrificio. No importa quien ha de dirigir la guerra, que a la patria se sirve desde cualquier lugar.

El triunfo no será de los jefes, sino de todos los que participemos en la lucha; todos tenemos que trabajar: la hora es de sacrificios y renunciamientos. A lo único que no podemos renunciar es a pelear por Cuba y morir por ella.

La patrio es ara y no pedestal; es agonía y deber, dijo el Apóstol, y murió en Dos Ríos.

CUBAENEL EXILIO

Hay 10 mil holguineros en Estados Unidos. La mayor parte exiledos. A un que abundan los emigrados que no muestran interés alguno en vengar agravios ni reconquistar su perdida dignidad de hombres.

10 mil hombres y mujeres en pie, poniendo cada día su grano de arena en el edificio de la libertad,
podrían hacer mucho. Pero los comechegues que hasta aquí dirigian la eramización del término en el destierro, ni se reunian, ni juntazan armas ni dinero, ni
bacian una publicación, ni movilizaban a nadie en actos patrióticos. Eso sí, algunos vivos recibían su
cheque de la CIA par debajo de la mesa. Y a yantar.
Su consigna: "tu po comedes. Yo sí comedes..."

En la asamblea en que obtuvieron 16 votos y fueron echados de la organización del municipio por sometidos a la política de appointamiento y convivencia de E. U. con Costro, los "chivas" llegaran como quapitas a algunos soplones de la CIA con sus pistolitas al cinto.

Entre ellos, un chiquito hijo de españoles de apellido Ugartemendia que hace paco anacea par los partales de Holacín vestido de miliciano metiéndole miedo a las gentes y mostrando orando, su carnet del G-2 -

.jJesús, que miedo..!

Rumores circulantes al cierre de esta edición del baletín de la gente de La Chamba afirman que le "contaran el tubo del pataje" al inclito picúa Luis Cante Aquero, el hombre que aplaudió el asesinato de su hermano Nicolais en Santiago de Cata a manas de la "maffia" costrista. La sabrosana "muiata de fuego" llegó a recibir la fribiara de 15 mil dólares al mes de manos de la právida CIA. La cuar quiere decir que si no ha montado necacios privatos como su parigua I Manalita Artime, a nor a empezará el exilia gara quien dija: "Fidel, me miro en tus ajos..."

No se deje engañar: no hay ni mil cubanos que que se reunan accio semano con su grupo, que se multen con unos pesos al mes, o que sueñen con el fusil que nos quitará de la frente la ceniza del deshonor.

CHEA POR DENTRO Por IGNOTUS

Un ex oficial del ejército castrista recién llegado a Micmi desde Cuba, dijo que los alistados de la famosa división 50 del ejército comunista con acantonamiento en Mangos de Baraguá, son todos del servicio militar obligatario y de menos de 20 años y que no muestran entusiasmo por "la tía Tata" como llaman a Fidel Costro.

Agregó que si no hay un desembarce de sa e afuera, cualquier mañana las amas de casa, desesperadas por la crisis de las alimentos, salen por cientos de miles a la calle y derriban al régimen.

Finalizó diciendo que en San Luis, sólo bay 13 comunistas. Y que esto es poco más o menos la situación en Cuba entera.

El pseudo escritor Lee Lockwood que ha puesto en circulación un lujoso libro que se vende a 10 dólares en Estados Unidos, con decenas de fotogratias de la "tía Tato" y una amplia descripción de su apetito de fantagruel (almuerzo en Uvero: Lechón asado, arroz, frijoles, yuca y fufú de plátano, pollo frito, cerveza, vino, coñac, filete mignon y tabaccs), dice que abunda un excelente pasto para el ganado llamado "marabú", al que el INRA da mucho atención.

Ana Laura Infante, que era quizá la señora más aristocrática y discriminatoria de Holguín, casada con un tipo parasitorio, gailego, llamado Fernando Zarrillo, es de las de "patria o muerie", y en sus alardes democráticos barre las calles de la ciudad. Su hijo "Pincho" bebedar, parrandero y albaratador, que llegó a robar a sus parientes, es tado un jefe del INRA en Holguín....

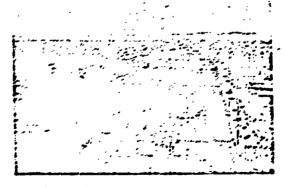

Y un candidato seguro a la soga y el sebo en la guásima cuando caiga la satrapía rusa del Caribe.

Se ven muy pocas rusas en Holguín y en toda la provincia de Griente. Corre el rumor de que se van los que quedan. Una muchacha cubana que trabajaba como doméstica de una rusa, dica que esta le regoló alguna ropa y le dijo que se marchaba a su país. Armando Acosta Cordero, antiguo concejal comunista de Sancti Spiritus, que desertó de la vieja auardia. Liendo premindo con el bajalato de la provincia oriental, estaba entregado a la "dolce vita", practicaba el contrabando y la bolsa negra, disponía de muchos autos, fincas y casas. Bebía como un demonio. Días pasados hizo una boda fastuosa a su hija en Santiago de Cuba. Ahora está en desgracia. Le han quitado el mando.

Se han destruido las vallas de gallos en las ciudades del interior. Pero se mantienen las de los pobluditas monte adentro. Se apuesta fuertemente en las lídias. Son frecuentes las "paradas" de cinco mil pesos. El dinero es producto de la enorme corrupción de las autoridades, la bolsa negra y el juego de terminales protegidos por milicianos y comités de vigilancia. Es norma l que los genízaros del régimen "decomísen" pero no encausen a los infelices que matan un cerdo o venden, a hurtadillas, un racimo de plátanos o unas frutas.

Es de viejo sabido que la corrupción de la administración es siempre el preludio del derrumbe.

Con motivo de la conferencia de OLAS se ordenó la reparación y pintura de fachadas de los edificios de las avenidas y carreteras. Se acopió came y cerveza en todos los pueblos y se llevó a los hoteles donde se alojaría la "moffia" comunista latinomericana. En Cuba todo es simulación y mentira. Mucho periódico y revista mal escrito, y peor impreso en pésimo papel. Nadie cree ya en Fidel Castro. Ni lo respetan. En especial, son virulentos los comentarios de las mujeres, incluyendo miembros del partido, en los establecimientos vacíos de mercancías.

DEMOCRACIA I COMUNISMO

EL ECO, se escribe con letra de pueblo, con ocento de libertad y por eso emplea el mensaje directo a los obreros y campesinos, a los estudiantes, militares, profesionales, propietarios y a todas las clases que integran la sociedad democrática.

Cubo, Hungría, Rumanía no tienen actualmente estudiantes ni centros de cultura; en esos pueblos no pueden haber actividades docentes porque éstas exigen necesariamente un clima de libertad y derecho que es imposible en los estados comunistas.

El estudiante, el profesional y el intelectual, como el artista, el político, el atleta, el trabajador y el campesino, el militar y el industrial, necesitan de la libertad como del aire mismo. El hombre fue hecho para la libertad y sin ella prefiere la mueste.

En los pueblos esclavizados por el comunismo no pueden haber institutos militares, porque los ejércitos constitucionales son instrumentos que garantizan el imperio de las leyes y los derechos de la ciudadanía, y en los países comunistas no se respetan esos principios, sino que se violan constantemente para mantener al individuo bajo un estado de terror permonente.

Allí no pueden haber profesionales ni intelectuales, ni políticos, porquela libertad de pensamiento está restringida y solo se pueden repetir las consignas.

En esos países comunistas no hay prensa libre, todo está bajo el control del estado, lo mismo que las organizaciones obreras, cívicas, etc.

Los propietarios y los industriales han sido despojados de sus bienes y negocios, porque la propiedad privada y la iniciativa particular están terminantemente prohíbidas.

El hombre no puede tener ni ideas ni bienes propios.

La modre no puede educar sus hijos, porque es un son servidores del Estado y desde pequeños el Partido Comunista los somete a adoctrinamiento.

Se suprimen y se rocionan los alimentos, porque un pueblo sano y fuerte es rebelde.

Camplimos nuestro deber de incorporarnos al movimiento general para salvar a la América; queremos coodyuva: en los esfuerzos que se realizan en ese sentido y para ello no escatimaremos ningún safricio.

Somos demócratos y, por tante, semos esen - cialmente anticomunistas.

Somos cristianos y, por tanto, samos esencialmente anticomunistas.

Somos libres y, por tanto, samos esencialmente anticomunistas.

La Libertad o la prisión; la Patria o la esclavitud; Dios o el materialismo.

Junto a la Libertod, junto a la Patria y junto a Dios, está la Democracia; al lado de la opresión, el crimen, la miseria y el materialismo, está el comunismo.

VENEZUELA

No nos ha soprendido la actival postrera de. Gobierno de Venezuela, al retirar prácticamente, la denuncia que "valientemente" había presentado ente la OEA, contra el gobierno comunista cutano par su agresivo política de intervención y subversión.

El comarada Leoni ha venido juzando con dos berajas; tan pronto manda a prender se los comunictos como los pone en libertad; los persegue ahora y los ampara luego. Su gobierno ha sido una cora perfecta de malabarismo político.

Estamos seguros, obsolutamense seguros, que si el Ejército venezolano no se hubiera martenido - firme en su disciplina militar y obesiencia a la Constitución, ya los comunistas se hubieran apoderedo del gobierno venezolano y la patria de Bolívar estaria viviendo el mismo calvario que sufre la patria de Martí.

No dudamos que al presidente de Caracos le retoza el experimento marxista y por eso, hemos seguido atentamente sus pasos. Cuando las fuerzas de la democracia derrocaron al Presidente Goulart del Brasil, Leoni no reconoció al nuevo gacierno, lo mismo sucedió en el caso de Santo Damago, apelando a una precaria y absurda doctrina de su antecesor y mentor, don Rómulo Betancourt.

¿Qué queria el comarada, qué se quedaran en sus puestos Bosch y Goulars? ¿Y si los patriotes cubanos derrocan al tirano Castro y se constituye en la isla un gobierno provisional, será reconocido par Leoni?

Hay hombres par cuyas weres no corre sangre, la que corre es petróleo . . .

¿ OPTIMISMO O PESIMISMO?

En el embiente del exilio cubano, flota la interrogante de si conviene ser optimista o si perjudica que los voceros de la opinión pública del destietro, se exceden en sus pronunciamientos, torciendo quizá la dirección de los acontecimientos, al precipitar a los petriatas en una dirección que, por su naturaleza requiere más tiempo y mayores reflexiones.

Unos estiman que es fatal para la causa cubana, que los periodistas y los líderes de la acción anticomuniste se muestren demasiado optimistas porque así desmientan a los patriotas del exilio y a los de la resistencia interior, desalentándolos para proseguir la lucka al hacerles creer que no son ya necesarios sus heroicos esfuerzos, porque de todos modos, con el concurso de los norteamericamos, los ecuerdos de la OEA, la colaboración de los gobiernos latinoamericanos y la concurrencia de factores imponderables, Cuba ho de ser libre en una fecha próxima.

Otros creen que la que résulta altamente perjudicial para la causa de la independencia cubana es el pesimismo que derrochan algunos comenteristas y dirigentes, porque al formarse ese derrotismo en la masa cubana, dentro y fuera de la isla, todos nos resignaremos a continuar viviendo en el extranjero o tremos pensando en adaptarnos a las exigencias del régimen costristo.

Nosatros reconocemos que ambas tesis están evaladas por buenas razones y por lo tanto se justifice que cada una tenga numerosos prosélitos que deliendes calorosamente sus postulados.

Pero, creo que no debemos coer necescriamente en uma de los dos bundos extremos. Detemos ser optimistas sin llegar a la fantasia; un optimismo sensato que lejos de confundir a la opinión pública y desalentar a los patriotas, sea capaz de formar una opinión más firme y canalizar los esfuerzos de todos en la lucha a muerte contra el comunismo opresor.

Nuestro optimismo debe ser medido, ha de dar la sensación precisa de que si lo podemos kacer, pero con el esíverzo y el sacrificio de todos. Nuestro optimismo ha da ser la en el triunto, resolución heroica de luchar hosta vancer.

El optimismo ha de ser sincero, que muestre grandeza; debe ser valiente y generoso para que se contagie a los que aun están equivocados o indecisos.

El pesimismo debe ser suprimido de raíz; nadie debe sentirse pesimista, no podemos perder la batalla antes de que comience. Morir anticipadamente, por nuestra irresoluta voluntad, equivale al suicidio y nadie tiene derecho a desair el llamado urgente de la Patria; nadie puede inhibirse.

El pesimismo debe ser suprimido netamente por el realismo; pesar nuestras fuerzas no es encontrarnos débiles sino ponemos más fuertes para vencer.

El pesimismo debe ceder su lugar a la estrate gia guerrerista, para atacar cuando seamos suficientemente poderosos para derrotar al enemigo... No es cobarde aplazar es combate.

Tenemos que hacernos fuertes y tener un plan; debemos estar conscientes de nuestra fuerza, de nuestra moral y de nuestro valor; y estar seguros; del triunfo definitivo.

Y, sobre todo, despojarnos de ambiciones personales, de vanidades y complejos. El mamento es de guerra y socrificios, para todos hay un lugar de peligro y gloria; que cada cual ocupe su puesto.

- 2. Mr. Morris further said that Orlando Bosch was scheduled for trial in Valdosia, Georgia, on Monday, 18 September 1967; however, he was in an automobile accident in the Miami area sometime during the week of 4 September, and therefore there would be a hearing in Valdosta, Georgia, requesting a continuance of this trial until sometime in October. Bosch is now scheduled to go on trial in Miami, Florida, on 2 January 1968.
- 3. It was deemed appropriate to ask the Department of Justice the status of these trials in view of Martin Casey's name appearing in cable traffic relative to "the Brown interview."
